OSBORNE INDUSTRIES AWARDED 2010 KANSAS GOVERNOR'S EXPORTER OF THE YEAR AWARD

Award presented at the Annual Kansas Cavalry Encampment

State of Kansas, June 29, 2010 - Kansas Governor Mark Parkinson presented Osborne Industries with the 2010 Kansas Governor's Exporter of the Year Award at the Annual Kansas Cavalry Encampment June 29, 2010. This award is one of the state's top business honors and brings recognition to a Kansas company that is committed to expanding sales in international markets, showcasing the awarded company as a role model to other Kansas companies seeking similar success.

Representatives of Osborne Industries employee-owners receive the award at the Annual Kansas Cavalry Encampment

The winner of the award was selected among five finalists by the Kansas International Trade Coordinating Council. Selection criteria include: increase in jobs due to international activities, innovations in global marketing, number of countries exported to, effective use of international distributors, long-range international strategies and prospects for future growth, and commitment to the state and local community.

The pDCPD molder began exporting equipment in 1979 and now sends product to 39 countries. Accounting for 24 percent of Osborne's sales, the company's exports have grown 73 percent since 2006.

The employee-owned company was founded in 1973 by a group of local businessmen looking to preserve their small community by creating a stable manufacturing environment. Osborne Industries now employs 90.

“This award is a reward to all our employee-owners for their hard work and commitment to deliver products of excellence in a global market,” says Steve Langley, President of Osborne Industries. “The growth experienced by our company and the honor of receiving this award would not have been possible without this commitment from all employees” adds Langley.

Osborne Industries, Inc. is a custom liquid molder of thermosetting resins via Resin Transfer Molding (RTM) and Reaction Injection Molding (RIM). For more information, visit the company’s website at <http://www.osborneindustries.com>.
